

WWW.NCTENANTDATA.COM

WORKING TOGETHER, SHARING INFORMATION,
IMPROVING YOUR BUSINESS

Stop the damages

Stop the rent loss

Stop the repeat offenders.

Become a member of your local community of property owners and managers through NCTenantData.com. An online web presence that allows members to share information and resources that will stop tenant behavior that results in property damages, unpaid rent, criminal activity, and much more. It's like having your own county specific tenant bureau.

Through this system we work to stabilize rents, reduce tenant turnover, and better control our properties. As landlords we provide a service to the community. Help the tenant understand this valuable service; make them accountable for their actions. Call me, so I can show you how the system works.

"I've used this system in Wilson County for several years and it's reduced my court costs, loss rents, and most of all, headaches."

- Dale Breedlove

Pays for itself with stopping one bad tenant.
